- Life Systems: Grade 1 – Characteristics & Needs of Living Things
Grade 3 – Growth & Change in Plants
- Earth & Space: Grade 1 – Daily & Seasonal Cycles
Grade 2 – Air & Water in the Environment
Grade 3 – Soils in the Environment

Program Description:

What stages do vegetables go through when they grow? Students will have the opportunity to visit our garden. Students will identify the different parts of the plant and which parts we eat. Classes will investigate what all plants need to grow and survive. Each class will get to take an assortment of fresh produce back to school with them. Students will also enjoy a wagon ride and some time spent in our hayloft.
